West Inn & Suites Carlsbad

4970 Avenida Encinas
Carlsbad, California 92008 United States

*Received from a 41 year old male traveler from Northern California on Monday, February 09, 2009:
"West Inn & Suites; in Carlsbad, north San Diego County, California - I stayed at the West Inn & Suites; in Carlsbad, north San Diego County, California; for one night in early February 2009. The hotel seems new, and is near the 5 freeway, which is **ultra-convenient** without being noisy, apparently due to multi-paned glass windows. My suite was enormous and **stylish**, done in a brown and ecru palate. There was a potted orchid, two large flat-screen televisions, a sitting room with an elegant couch, a wet bar with a microwave, a fantastic bed with great linens, and Aveda toiletries. The beautiful lobby is high ceilinged with very attractive dark brown wide plank flooring. The staff was of the freshly-scrubbed, enthusiastic San Diego variety, **welcoming and professional**. The next time I have to be in north San Diego county, I will absolutely contact this hotel to see about getting a reservation."*
